EXECUTIVE SUMMARY

Passionate B.Tech Information Technology student at Alpha College of Engineering with skills in HTML, CSS, WordPress, Python, Java, and SQL. Interested in building responsive web applications and scalable systems, with strong communication and problem-solving abilities.

SKILLS

- **Programming Languages** : Java, Python
- **Web Development** : WordPress
- **Front End Development** : HTML, CSS, JavaScript
- **Back End Development** : Spring Boot
- **Databases** : MySQL, PostgreSQL, MongoDB
- **IDE** : Visual Studio Code, IntelliJ
- **Version Control** : GitHub

INTERNSHIP

Web Development Intern - **GetIn Technologies, Kovilpatti**

July 2025 - August 2025

- Completed a web development internship, working on building and maintaining responsive web applications using WordPress.
- Gained hands-on experience with front-end and back-end technologies in a real-world project environment.

PROJECT

NeuroRent: AI-Based Vehicle Rental Pricing System

- NeuroRent is an intelligent vehicle rental platform designed to provide smart pricing and efficient vehicle management with a responsive and user-friendly interface.
- It uses Graph Neural Networks (GNN), Deep Reinforcement Learning (DRL), SHAP (SHapley Additive Explanations), and Explainable AI techniques to analyze rental demand, optimize dynamic pricing, and provide transparent pricing predictions for a better customer experience.

RESEARCH PUBLICATION

- A Graph Neural Network and Reinforcement Learning-Based Framework for Transparent Vehicle Rental Pricing
- Published in IJERT (International Journal of Engineering Research & Technology) Volume 15, Issue 05, May 2026

EDUCATION

B.Tech Information Technology

2022 - 2026

CGPA - 8.16/10

ALPHA COLLEGE OF ENGINEERING, CHENNAI

CERTIFICATIONS

- Build a free website with WordPress - Coursera
- AI for Business Professionals – HPLife
- Introduction to Cybersecurity – Cisco Networking Academy Program
- Python Essentials 1 - Cisco Networking Academy Program
